## DAY IN CONGRESS.

### A Flow of Oratory the Feature In Both Branches.

### ROBERTS UP IN THE HOUSE.

Congressman Tayler, In a Spirit d Speech, Opens the Debate.

### RACE PROBLEM STIRS THE SENATE.

A Louisiana Senator Explains Present Social Conditions In the South. Senator Ross, In His Maiden Effort, Tackles the Philippine Question.

Washington, Jan. 23.—At the opening of the session of the senate, Mr. Turley (Tenn.) reported from the committee on privileges and elections a resolution on the case of former Senator Quay. The resolution reads: "That the Hon. Matthew S. Quay is not entitled to take his seat in this body as a senator from the state of Pennsylvania."

That resolution was the judgment of the majority of the committee. Mr. Turley called attention to the resolution of the minority of the committee, which was that Mr. Quay was entitled to a seat in the senate. Both resolutions were accompanied by lengthy reports in their support. The question of seating Mr. Quay is a constitutional one—whether the governor of the state has the power to appoint in case the legislature fails to fill a senatorial vacancy. The committee was divided on this point, four reporting to seat Quay and five adversely.

Mr. Pettigrew (S. D.) offered a resolution calling upon the president to send to the senate the report of General J. C. Bate, relating to the treaty with the sultan of Sulu. Among other things the resolution asks whether the sultan and his officials are under the civil service. It went over on objection.

Mr. Caffery presented three resolutions calling upon the president for correspondence with Great Britain concerning the Clayton-Bulwer treaty, the correspondence with the Colombian government as to the Panama canal, and the correspondence with the Panama Canal company of France. They were adopted.

The resolution offered by Mr. Allen calling on the secretary of the treasury for information concerning the transfer of the old New York custom house to the National City bank of that city was adopted.

### Race Question and Philippines.

In accordance with previous notice, Mr. Ross (R., Vt.) claimed the recognition of the chair to deliver a speech on the Philippine question. His speech was essentially a legal and constitutional discussion of the several questions raised. Mr. Ross maintained that the United States had acquired its island possessions free from any conditions, and said the people of the islands could become citizens of the United States only by act of congress, for they had not been guaranteed rights of citizenship by the treaty of cession, and the constitution of its own inherent force could not confer such rights on them. Congress, in his opinion, therefore had plenary power in legislating for our newly-acquired territory. He summed up what he thought to be the policy of the government by saying:

"The flag of the nation had been placed on these islands. This is the emblem of its policy and ever has been. That policy is individual manhood, the right to enjoy religious and civil liberty, the right to stand protected equally with every other man before the law in the enjoyment of freedom, of personal prosperity and of property."

He urged that congress in the discharge of its duty to the islanders should create a department of government, charged with the duties of looking to the interests of the islands and of supplying accurate information to congress with reference to them, and should relieve all civil appointments in the island from politics, making ability, honesty and fitness the tests for service.

Mr. McEnery (D., La.) then was recognized to deliver his announced speech on the resolution of Mr. Pritchard (R., N. C.) relating to the proposed amendment to the constitution of North Carolina. He said the race question was one of the most serious

which had ever confronted the nation, and added:

"There never has been any disposition on the part of people of the South to deprive the negro of any of his political or civil rights. There has been and will continue to be determination, fixed and unalterable, to deny him social privileges on equality with the whites, to prohibit him from aspiring to an equality in social life, which nature forbids."

With reference to the proposed amendment to the constitution of North Carolina, Mr. McEnery said it did not exclude the negro from voting. "He has the right in common with the white people," said he, "on the conditions alike applicable to both races, that he can read and write, or that he owns a certain amount of real or personal property. He is deprived of no right of suffrage by the conferring of it upon another class."

"The question raised in the resolution offered by the senator from North Carolina is a judicial one. Congress has the power, but it has not the right to declare any law or constitutional provision of a state unconstitutional."

### ROBERTS CASE.

Mr. Tayler of Ohio Opens the Debate In the House.

Washington, Jan. 23.—Enormous crowds were present to witness the opening of the debate in the Roberts case. Fully three-fourths of the spectators were women. Mr. Roberts was in the seat which he has been occupying, on the extreme right of the hall, half an hour before noon, and every neck was craned to catch a glimpse of him.

Nearly every member was in his seat a few minutes later, when Mr. Tayler (Ohio), chairman of the special committee which investigated the case, arose from behind his desk stacked high with legal authorities and manuscripts and called up the case. The majority resolutions to exclude him and the minority resolutions to permit him to be sworn in and then expelled were laid before the house, and without any agreement as to a vote Mr. Tayler (Ohio) opened in support of the majority resolutions. He spoke clearly and with great earnestness. His argument was on constitutional lines, he holding that the house had the right and power to exclude Roberts at the outset.

Mr. Tayler was emphatic in his assertions that exclusion was in harmony with precedent, expulsion in violation of it. He amplified the three grounds for Mr. Roberts' exclusion: First, because of his violation of the Edmunds act; second, because he was living in open, flagrant and notorious violation of the statutes of the congress he seeks to enter, and, third, because his election was a violation of the compact by which Utah was admitted into the union.

Mr. Littlefield (Mo.) on behalf of the minority of the committee, then spoke in support of the minority's plan of seating and then expelling Mr. Roberts.

### Want Government Aid.

Indianapolis, Jan. 23.—Representatives of the national guard of nearly every state in the union are here in session for the purpose of preparing a bill to be submitted to congress that will give the national guard of the United States a large appropriation and greater recognition by the federal government. The proposed bill, which will probably be accepted by the convention, carries with it an appropriation ending June 30, 1900, of \$4,000,000, and for each fiscal year subsequent \$500,000.

### Kentucky Contest.

Frankfort, Ky., Jan. 23.—Before the contest boards the police force of Louisville, through four of its officers, defended itself vigorously against the charges of interference at the November elections, which have been brought against them by the Republicans. They declared that the police force in no way interfered with the election, and all of them were of the opinion that the presence of the militia in Louisville deterred many people from going to the polls.

### New Incorporations.

Columbus, O., Jan. 23.—Argyle club, North Baltimore; Hallwood Cash Register Company's Employees' Mutual Benefit association, Columbus; Niles Hotel company, Niles, \$25,000; Home of the Honey Bees' Benefit association, Medina; Fairport and Youngstown Railway company, Ashtabula, \$30,000; Zeta Alpha Epsilon fraternity, Akron; Bartholomew Box and Manufacturing company, Cleveland, \$25,000; Russell Engine company, Massillon, \$250,000.

### Two Battalions Lost.

London, Jan. 23.—It was reported on the stock exchange that two battalions of British troops have been captured by the Boers.

## A NEW ELECTION BILL,

One That Makes a Sweeping Change, Introduced In the Legislature.

### SEEKS TO ABOLISH CITY BOARDS.

Fight Being Waged on the Canal System of the State—Proceedings In Both the House and Senate.

Columbus, O., Jan. 23.—In the house Mr. Merion spoke on his resolution looking to the abandonment eventually of the entire canal system of the state. He said it was time for the legislature to determine whether the canals should be abolished, or whether the appropriations for maintaining them should be large enough to improve their usefulness and service. He said that if the resolution should be adopted it would mean that a large number of Republicans who are employed in the canal service would be obliged to step down and out. While he would regret to see so many good Republicans thrown out of employment, he believed it is time the legislature should take some positive action. Further consideration of the resolution was made the special order for Jan. 30.

The finance committee presented the partial appropriation bill to pay salaries and contingent expenses in the various state departments and state institutions from Feb. 15, 1900, to Feb. 15, 1901. The total amount is \$784,000. The bill was passed under suspension of the rules.

Mr. Bartlow of Butler introduced a bill to appropriate \$30,000 for the Ohio university, \$24,000 for Miami university and \$19,000 for Wilberforce.

Mr. Painter of Wood introduced a bill to abolish city boards of elections and transfer their duties to the boards of deputy state supervisors of elections. The bill provides for the appointing of four deputy supervisors in each county Aug. 1, 1900, according to the plan heretofore in operation. Each board shall elect a secretary as heretofore provided. The salaries of deputies and secretaries in Hamilton and Cuyahoga counties shall be \$1500 each; in Franklin, Lucas and Montgomery counties \$1000 each; in Stark county \$800 each; in other counties containing cities having registration \$200 each; in all other counties \$100 each.

Mr. Manchester's resolution providing that the house shall convene at 9 a. m. and adjourn at 11 a. m. each Friday till 4:30 p. m. Monday was adopted.

Other measures introduced: Declaring it the policy of general assembly to make no further extensions or improvements of the canals and to eventually abandon them; providing for the right of interurban electric roads to enter cities over tracks of the city electric railways through condemnation proceedings in probate court; creating the office of supervising architect, to be appointed by the governor, at \$5,000 per year; providing for two oil inspectors at a salary of \$2,000 per annum each, and each to have only one deputy at a salary of \$1,000 per annum; fixing a penalty of \$25 to \$100 and 30 days' imprisonment for paying employees in other than lawful money, unless the employees have previously agreed to receive their wages otherwise than in money—aimed at "script" and checks.

### In the Senate.

In the senate Mr. Archer introduced two bills providing that before any non-resident can hunt game birds in Ohio he must secure a license from the chief game warden, good for one year, and for which he must pay a fee of \$25. No person shall kill more than 15 quail or 10 woodcock, snipe or grouse in one day.

Other bills were introduced as follows: Providing a fine of from \$5 to \$25 for the first offense of selling or giving away cigarettes or cigarette wrappers, and from \$25 to \$100 for each subsequent offense, and the accused shall be held in prison until the fine and costs are paid; to authorize the incorporations of sanitariums; providing for the transferring of infirm deaf and dumb persons now kept in county infirmaries to the Home for the Aged at Central College.

Under suspension of the rules the senate passed the sundry appropriation bill by Mr. McKinnon, appropriating \$81,300 for the deficiencies in the departments and institutions.

The senate passed by a unanimous vote and without amendment Senator Mitchell's bill appropriating \$53,000 to mark with monuments the positions of Ohio troops taking part in the battle of Shiloh.

Senator Patterson has a bill to re-

quire the examination of insurance agents as to the their qualifications, and establishing a board of five examiners to be selected by the governor—a fee of \$25 being required.

### Havoc of Tidal Waves.

Tacoma, Wash., Jan. 23.—Official reports just completed give details of terrible inundations, which destroyed property valued at over 6,000,000 yen in Hokkaido province, northern Japan, in December. Thirty-five towns in the district of Ishikari were devastated. Since September no less than 17,288 houses have been submerged or washed away in Hakkaido alone, while the total damage is placed at 13,000,000 yen. About 100 fishing schooners and other craft were destroyed.

### COLLISION AT SEA.

All but Two of the Crew of a British Ship Escape the Waves.

Vineyard Haven, Mass., Jan. 23.—The Glasgow steamer Ardanhu, Captain Dundas, from New London, Conn., for Halifax, N. S., was sunk in collision with the Metropolitan liner Herman Winter, from Boston for New York, off Robinson's Hole, Vineyard Sound. Two of the Ardanhu's crew of 31 men were lost. They were Chief Engineer James Henderson of Glasgow, and Second Mate Fred Dowe of Boston.

The Herman Winter reached this port with her bow gone and reported the accident. She had on board the 23 men who escaped from the Ardanhu.

The Ardanhu was struck about midships on her starboard side by the Herman Winter's bow, and was cut half way through. She would have sunk immediately, but her watertight compartments kept her afloat for a time. The crew made a rush, and it was thought that all but two of them succeeded in getting aboard the New York vessel.

### To Facilitate Justice.

Havana, Jan. 23.—The newly appointed law reform commission will begin work almost immediately. Among the principal innovations will be the establishment of police correctional courts, presided over by salaried judges. The judicial system throughout the islands will be made to lend itself to the speedy handling of cases in order that justice may be obtained without delay. At the same time facility to appeal will be granted.

### Many Men Thrown Out.

Pittsburg, Pa., Jan. 23.—The rod mill workers, at the plant of the American Wire and Steel company, Rankin, went on a strike, closing that department of the big works and throwing idle about 1,000 men. Only about 50 skilled men are involved. These men were organized into a lodge of the Rod Mill Workers Association of America. The demands at Rankin are the same as those at the other rod mills.

### Oppose the Treaty.

Paris, Jan. 23.—The commerce committee of the chamber of deputies began hearing the views of those opposed to the reciprocity treaty with the United States. Representatives of iron workers, iron smelters, tubing manufacturers and manufacturers of railroad supplies were heard. They were all opposed to the treaty and demanded its rejection.

### Wade May Be Transferred.

Chicago, Jan. 23.—General J. F. Wade may be made the permanent commander of the department of the lakes, according to the opinion of army officers at local headquarters, being relieved in that event from command of the department of Dakota, with headquarters in St. Paul.

### Towns May Consolidate.

McConnelsville, O., Jan. 23.—A largely attended mass meeting of citizens of McConnelsville and Malta was held in the opera house to consider consolidation of the two towns. The councils of both towns will be asked to submit the propositions to a vote at the spring election.

### Board Reorganized.

Washington, Jan. 23.—The secretary of war has issued an order almost entirely reorganizing the board of ordnance and fortifications. Major General N. A. Miles, who is ex-officio chairman of the board, is the only member of the former board retained.

### Declared a Valid Law.

Des Moines, Ia., Jan. 23.—The supreme court handed down an opinion sustaining the constitutionality of the collateral inheritance law, passed three years ago. It imposes a tax of 5 per cent on all inheritance which go to collateral heirs.

### Run Down on the Rail.

Bowling Green, O., Jan. 23.—Albert Duham, residing at Dunbridge, seven miles north of the city, was struck and instantly killed near that village by the northbound Toledo and Ohio Central train.

## ENGAGED ON A BIG JOB

General Buller Will Need Considerable Time to Work It Out.

### NOTHING OFFICIAL FROM THE FRONT.

However, the Continent and the London Stock Exchange Circulate Rumors of Another British Disaster—Skirmishes.

London, Jan. 23.—Absence of news of the movement north of the Tugela river is occasioning some additional anxiety, but General Buller is engaged in a big operation, which will take considerable time to work out. Even the slight advance of General Warren's forces after two days' fighting does not appear to have yielded an important advantage to the British, as the captured kopjes were evidently only held as advanced posts in order to delay the progress of the British troops and enable the Boers to complete their entrenchments and to mount guns on the position on which they have determined to make a stand. It is remarked that the Boers thus far have used little artillery, from which it is judged that their guns are already mounted on tactical positions, from which the British will have to dislodge the republicans before reaching Ladysmith.

There is no confirmation of the report that Lord Dundonald has entered Ladysmith, and none is expected. Experts opine that the Boers would be only too glad to let him in unopposed.

The indignation and disgust expressed at the blunders and incapacity of the yeomanry staff, to whom is ascribed the rank failure threatening to overwhelm the movement started with such a blare of trumpets, is increasing daily. Those who were able to carry the scheme to success have been met at every turn with red tape, and all kinds of obstacles and slights by the inner circle of titled incapables, resulting in scores of good men withdrawing from participation in the plans. In the case of South Bedfordshire yeomanry, a whole company of 170 selected men has disbanded in disgust.

There is nothing here to confirm the report on Berlin boerse of the defeat of General Buller, or the rumor on the stock exchange of this city of the capture of two British battalions by the Boers. The fact that General Buller was heard from in the morning, when he sent a list of the casualties to the British troops, seems to disprove these stories.

Lord Roberts reports from Cape Town that the war situation is unchanged.

### Transvaal's Representative.

Washington, Jan. 23.—Montague White will be received as the consular and diplomatic representative of the South African republic. The state department has formally determined upon such action, and Mr. White has been given an intimation of this intention. When he gets properly executed credentials, which are expected within ten days, he will present them to Secretary Hay and enter upon his official career. Preceding the receipt of these documents, he will maintain a diplomatic silence, and make no representations in behalf of his government.

### Kruger Favors Peace.

New York, Jan. 23.—Dr. Leyds, the Transvaal envoy extraordinary in Europe, with headquarters at Brussels, in a message to a local newspaper, says he is confident of the ultimate triumph of the Boer cause, and that England cannot win—even with double the force she has in the field. He notes with satisfaction the desire for a suspension of hostilities, which appears to be gaining strength on both sides of the Atlantic. President Kruger, he says, is heartily in favor of any negotiation looking toward the establishment of peace.

### Checked the British.

Hoad Laager, Ladysmith, Jan. 23.—The sixty-ninth birthday of General Joubert was celebrated on Saturday by General Botha making a reconnaissance in force toward the Drakensberg mountains and turning the British advance after a short engagement. General Joubert accompanied President Steyn to the Free State laagers, south of Ladysmith. The president was in high spirits. He proposed to make a tour of all the laagers. Ladysmith sent up many colored rockets.

### MAYSVILLE'S FIRE DEPARTMENT.

While Maysville's leading manufacturing enterprise was threatened with destruction by fire Monday evening, two men were seen trudging through the mud on East Third street with a hose carriage belonging to one of the fire companies. A pastor of one of the city's churches waded in, and a little later they were allowed to hitch on to a delivery wagon, and in this way the hose carriage was taken to the fire.

We don't blame the members of the fire companies for failing or refusing to wade through the mud with the hose carriages; but the city authorities should certainly provide a more up-to-date fire department. If the city is unable to have a paid department, with men and horses to hurry hose carriages to fires, then let some arrangement like the one at Connersville, Ind., or Mt. Sterling, Ky., be made. In these latter places, the livermen are paid so much for taking a hose carriage to a fire. The first to reach the engine house with a horse when an alarm is sounded, gets the money. There are always more than enough men at a fire to handle the hose.

A system of this kind, while not what Maysville ought to have, would be an improvement over the present out-of-date system.

### HARD WORDS

That Protectionist Apply to Their "Swivel-Minded" President.

[New York Evening Post.]

"Traitor," "renegade," "liar"—these be hard words to apply to the President of the United States, yet they are now hurled at him by his erstwhile panegyrists. It is the spectacle of protection wounded in the house of its friends which excites the irate wool growers and the infuriated tobacco farmers and the beet sugar men, whose sweetness has turned to gall. Their old familiar friend, McKinley, has lifted up his heel against them. He it is who is now committed to free trade with Puerto Rico, and the open door in the Philippines, and reduced duties on Cuban products, and cheap wool from Argentina, and cheap jewelry from France, and cheap vegetables from Bermuda. No wonder that this encouragement of cheapness all around makes the stern and unbending protectionists think their President in danger of becoming, according to his own former doctrine, a cheap man. At any rate, they hold him cheap, to judge by the abuse they are pouring upon his devoted head.

### Hunters' Attention.

Sportsmen interested in the protection of game and fish are requested to meet at the Mayor's office at 2 o'clock p. m. Saturday, January 27th, 1900.

### A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; caught set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for consumption, coughs and colds. I gave it a trial, took in all eight bottles. It has cured me, and I thank God I am saved and now a well and healthy woman." Trial bottles free at J. Jas. Wood's drug store. Regular size 50c. and \$1. Guaranteed or price refunded.

## BLOODSHED IN KENTUCKY.

Some Cold Facts About the Fends That Have Disgraced the Commonwealth.

[Cynthiana Democrat.]

The Cincinnati Times-Star is a great newspaper. For weeks it has been predicting war at Frankfort on account of the strained political situation. On Tuesday when two Republicans shot each other down and killed two innocent bystanders the Times-Star came out with flaming headlines, "Bloodshed at last at Frankfort, Ky!" There was the bloodshed all right enough, but it was Republican blood, shed by Republican hands, and by no twist or turn could anything political be made out of it. If the Times-Star desired to probe the thing to the bottom, it would find that the responsibility lay with Gov. Bradley and other high officials for securing the appointment of Colson and Scott to the army; and later with backing up and having Scott re-instated after he had been court-martialed for insubordination. The whole matter is a Republican tragedy, but puts a foul stain on the good name of the State, just as the Goodloe-Swope killing did years before it. Yet Republican editors up North will hold up their hands in holy horror and point at Kentucky as the home of savages and the haunt of barbarians. The feuds and murders and assassinations for which Kentucky is held responsible are confined almost entirely to the Republican mountain counties, and now the "gentlemanly combats" find Republicans the chief actors. And from Republican mountain counties come the basest of election frauds, the moonshiners, ignorance, vice, and the lowest order of civilization. Let Northern Republicans look these facts in the face, and if there is any fairness in any of them, let them place the blame where it properly belongs.

### THE LEGISLATURE.

The House and Senate Dispose of Some of the Numerous Contests—Many Bills Pending.

In the House Tuesday, Dr. J. C. Taylor, Republican member from Trigg County, was unseated on the ground that he was a postmaster at the time of his election, contrary to Kentucky statutes. The majority of the contest committee recommended that contestant J. W. McKinney, Democrat, be seated, for the reason that votes cast for Taylor were void. The fact that twelve illegal votes were cast for Taylor was given as additional reasons why McKinney should be given the seat, Taylor's majority, as reported, being but four, leaving McKinney a net majority of eight. Lewis, Republican, in his minority report agreed that Taylor was ineligible, but that McKinney was not entitled to the seat, declaring that the Speaker should call a special election. He reported that eleven illegal votes were cast for McKinney, and only nine for Taylor. Republicans asked for further information as to the alleged illegality of votes. Democrats demanded immediate action.

The minority report was defeated, thirty-three to sixty-five. Dr. Taylor, Republican, was ousted, and J. W. McKinney, Democrat, seated by a vote of three to fifty-seven. Republicans generally refused to vote.

In the Senate Voiers, Chairman of the Young-Allen contest committee, presented a report recommending that Allen (Dem.) retain his seat. The report was adopted unanimously. Senators Burnam and Whitehead Republicans, declared that while they believed that gross frauds had been committed in Fayette County,

### Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hannick & Co., of Shelby, N. C. Trial bottles free at J. J. Wood & Son's drug store. Regular size 50c. and \$1. Every bottle guaranteed.

### MR. CHRISTIAN SCHATZMANN,

One of Maysville's Oldest and Highly Respected German Citizens Passed Away Tuesday Morning.

Mr. Christian Schatzman, one of our oldest German citizens, died yesterday morning at 10 o'clock at his home on East Fourth street, after an illness of several days. While he had been a sufferer for many years, his death came as a shock to his relatives and friends.

Deceased was born August 3rd, 1826, in Ludwigswinkel, Bavaria, Germany. He came to this country when quite young, and had been a resident of this county and city for over fifty years, with the exception of a few years when he lived in Brown County, O.

Mr. Schatzmann was married twice, his last wife surviving him. He leaves five children by his first marriage,—Faison F., of Fincastle, Ohio, J. C., of Cincinnati, W. A., of this city, Albert, of this county, and Mrs. Wm. Dersch of this city. He also leaves three stepchildren by his second marriage,—Mrs. William Daugherty, Miss Kate Schatzmann, both of this city, and W. C. Schatzmann of St. Paul, Minn.

The funeral will take place to-morrow (Thursday) afternoon at 2 o'clock from his residence. Services by Dr. John Barbour, of the First Presbyterian Church. Burial at Maysville Cemetery.

### Married This Morning.

The marriage of Miss Anna Cogan, of Mayslick, and Mr. Joseph Myers, of this city, took place this morning at 10 o'clock at the residence of Rev. Father Hickey. The happy couple will be given a dinner at the bride's home, after which they will leave for Cincinnati and Dayton. Both are worthy young people and their friends wish them a happy and prosperous future.

Mr. and Mrs. T. O. Brooke, Miss Effie Lantz and Mrs. Ida McDonald, of Springdale, were the guests of D. C. Lantz and family recently.

T. C. and Sam Wilson, James Williams, W. J. Holton and Wm. Cox and quite a number of others from here attended the tobacco fair at Maysville January 20th and report a good time in spite of the rainy weather.

Miss Hattie Bullock closed her school at this place last Friday with a very nice little entertainment. Quite a large crowd were out and all enjoyed the recitations, music and especially the treat she gave the visitors as well as the school. Miss Hattie has taught a very successful school and we all hope to have her in our midst as teacher and friend next year again. "The Neway News" edited and read by Miss Corlene Wilson was enjoyed by all.

Henry Holton and sisters gave a party at their home Friday night, in honor of their guest, Thomas M. Wilson, of Cincinnati. Games and music by the Sand Hill string band were the amusement of the evening. Those present were T. M. Wilson and Mrs. Grace W. Garrett, James D. Williams and Miss Nellie Bigger, Geo. Scott and Miss Edith Holton, Stanton Nash and Miss Kate Holton, Fred Martin and Miss Corlene Wilson, Bruce Wilson and Miss Sallie Williams, Henry Holton and Miss Jennie Wilson, Tom Scott and Miss Kate Holton. The guests departed at a late hour after enjoying a very pleasant evening.

### BERNARD.

Geo. Wells has been sick this week.

Miss Jessie Yancey is visiting at Mayslick.

Ellis Hackworth, of Valley, Lewis County, was here Monday.

Miss Ethel Sulser, of Maysville, was the pleasant guest of Mrs. Belle Yancey last week.

All our farmers attended the tobacco fair at Maysville last Saturday and were much pleased.

A number of young people were very delightfully entertained at the home of Abe Hank's last Monday evening.

Several from here attended "The Boston Ladies' Symphony Orchestra" concert last Thursday evening at Maysville's opera house.

### Ninety-eight Per Cent.

There is a fascination about big profits to a business man. But the conservative and cautious trader prefers to have the lesser per cent. of interest and the larger per cent. of safety in his investments. There is no business man who would not consider it a sound proposition to invest in all enterprises in which absolute loss was impossible and which offered ninety-eight chances in a hundred of a rich profit. The statistics of cures effected by Dr. Pierce's Golden Medical Discovery show that 98 per cent. of cases of "weak lungs" can be absolutely cured. Almost if not all forms of physical weakness may be traced to starvation. Starvation saps the strength. The body is just as much starved when the stomach can not extract nutrition from the food it receives as when there is no food. "Weak lungs," bronchial affections, obstinate coughs, call for nourishment. "Golden Medical Discovery" supplies that nourishment in its most condensed and assimilable form. It makes "weak lungs" strong, by strengthening the stomach and organs of digestion which digest and distribute the food, and by increasing the supply of pure blood.

Head Boer Lager, Ladysmith, Jan. 23.—The quarters of Generals White and Hunter were smashed by a shot from "Long Tom." It is not known whether any of the occupants of the building were killed.

After repeated efforts the managers of the opera house have at last succeeded in securing Sol Smith Russell's great play "A Poor Relation," and it will be given here next Monday evening. It is a play in which smiles and tears are closely mingled, dealing in heart interests in such a natural way as to awaken immediate sympathy. Frank J. Keenan who at Mr. Russell's suggestion Manager Berger has engaged to play the part of Noah Vale has been eminently successful. In his struggle to preserve his gentlemanly traits while suffering from starvation Mr. Keenan displays talent of a high order in his deft blending of comedy and pathos. The company, which is Sol Smith Russell's own, is a very superior one, its equal being never seen outside of the large cities.

### For the Farmer.

A. B. Fields, of Fern Leaf, has sold his tobacco, 14,215 pounds, to A. P. Stiles at 9 cents a pound.

Robert Wells sold fourteen hogheads of tobacco on the Cincinnati breaks the past week at prices ranging from \$6 15 to \$11.25 per hundred.

A Mercer County farmer says he never saw the ground so full of cut worms as it is now. The greatest number is to be found in stubble fields, but some may be seen most anywhere. It is an unusual thing to see any worms at all at this time of the year. It is probably due to the warm weather we have been having which caused the eggs to hatch out earlier than usual. If this be true the farmers need not fear any damage to their crops from this source next spring, as the cold weather will kill those already hatched.

### Advertised Letters.

The following is a list of letters remaining in the postoffice at Maysville, Mason County, Ky., for the week ending Tuesday, January 23, 1900:

# The Latest Information!

## CONCERNING THE IRON TRADE

Is that prices continue to advance on everything in the hardware line, and farmers will have to pay much more for their Wire Field Fence this Spring than they did a year ago—excepting those who take advantage of our liberal offer. Last Fall, anticipating the advance, we placed a big order with the manufacturers of

# The American Woven Wire Field Fence,

and offered to sell at the old figures as long as the invoice lasted. Having bought so largely, and it being late in the season, we disposed of only about half our purchase, but we expect the balance to go quickly after our farmer friends read the good news that we have decided to sell what remains at a figure probably below what the Fence could be bought for to-day in car-load lots. If you intend buying any field Fence this Spring, here's your opportunity to effect a considerable saving by buying now. More of the American Woven Wire Fences were sold last year than all other woven wire fencing combined, and for beauty and durability it has no equal. Every rod is guaranteed. Come in and see us about it.
